REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Tehama, California (County), as of and for the year ended June 30, 2008, which collectively comprise the County's basic financial statements and have issued our report thereon dated March 18, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the County's financial statements that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

We noted certain other matters that we reported to management of the County in a separate report dated March 18, 2009.

This report is intended solely for the information and use of management, others within the organization, the Board of Supervisors and Grand Jury, and Federal awarding agencies and is not intended to be and should not be used by anyone other than those specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

Compliance

We have audited the compliance of County of Tehama, California, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2008. The County's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 08-SA-01.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinions on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

To the Board of Supervisors and Grand Jury County of Tehama Red Bluff, California

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

The County's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the County's response and, accordingly, we express no opinion on it.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of County of Tehama, California, as of and for the year ended June 30, 2008, and have issued our report thereon dated March 18, 2009. Our audit was performed for the purpose of forming our opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, others within the organization, the Board of Supervisors and Grand Jury, federal awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

COUNTY OF TEHAMA, CALIFORNIA NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2008

1. REPORTING ENTITY

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the County of Tehama. The County of Tehama reporting entity is defined in Note 1 to the County's basic financial statements. All federal awards received directly from federal agencies as well as federal awards passed through other government agencies are included on the schedule.

2. BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the County and is presented on accounting principles generally accepted in the United States of America. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

3. RELATIONSHIP TO FINANCIAL STATEMENTS

The amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree, in all material respects, to amounts reported within the County's financial statements, federal award revenues are reported principally in the County's financial statements as inter governmental revenue in the General and Special Revenue Funds.

4. SUBRECIPIENTS

Of the federal expenditures presented in the Schedule of Expenditures of Federal Awards, the County of Tehama provided federal awards to subrecipients as follows:

CFDA	Subrecipient	Amount
84.186	Tehama Department of Education	\$ 89.663
84.186	Duerr Resource	12.078
93.045	City of Red Bluff	307.014
93.959	Tenama Department of Education	6,000
	Total	<u>\$ 414,755</u>

5. PROGRAM CLUSTERS

Federal programs, which must be audited together as a program cluster, include the following:

Federal CFDA	Program Title	Federal Expenditures

Name:

CHILD SUPPORT ENFORCEMENT

CFDA #:

93.563

Federal Grantor:

U.S. Department of Health and Human Services

Pass Through Entity:

State Department of Child Support Services

Award No.:

N/A

Year:

2007/2008

Condition

During our testing of time certificates under A-87 provisions for the Child Support program, we noted that for one of the employees tested, the time certification was signed by both the employee and supervisor but the percentage of time that the employee worked for the Child Support program was not completed. Therefore, these statements are of little use in complying with the requirements discussed below.

Perspective

It appears that one employee neglected to insert the applicable percent in the area which shows the percent of time the Child Support employee worked on the Child Support Enforcement program.

Criteria

Direct payroll charges to federal grants for employee time spent on grant functions must be supported with documentation as required by OMB Circular A-97, which provides: "Where employees are expected to work solely on a single Federal award or cost objective, charges for their salaries and wages will be supported by periodic certifications that the employees worked solely on that program for the period covered by the certification. These certifications should be prepared at least semi-annually and signed by the employee or supervisory official having first hand knowledge of the work performed by the employee." OMB Circular No. A-87, Attachment B, Section 11(h).

Effect of Condition

The completion of time certifications enables the department to establish that its full-time employees do in fact work exclusively on this program in accordance with A-87 standards. Without the periodic time certifications, employee assignments away from federal grant functions might be overlooked.

Questioned Costs

We did not question any costs. Child Support employees in this County work 100% on the Child Support Enforcement program.

Recommendation

When preparing the semi-annual (or quarterly, in the case of the County of Tehama) time certifications, we recommend that supervisory personnel review the time certifications signed by the employees and make sure that the certification is appropriately completed, signed by the employee and approved by the supervisor. We further recommend that the County remind the Child Support employees of the importance of completing the percentage of time worked on the program in their time certifications.

Corrective Action Plan

We will remind the supervisory personnel to review the time certifications signed by the employees and make sure that the certification is appropriately completed. We will also advise the employees of the importance of reporting the percentage of time worked on the program when completing their time certifications and attach an instructional cover sheet on top of the certification when it is handed out.

CONTROLS OVER FINANCIAL REPORTING (SAS 112)

Year: 2006-2007

Reporting Requirement: Significant Deficiency

Recommendation

The County may consider the following actions:

- Provide training opportunities for its accounting staff that would enable them to become more familiar with the general disclosure requirements. This training should include, but is not limited to, the usage of a disclosure checklist, which provides guidance to the financial statements content and whether a necessary disclosure has been overlooked.
- Hire an external Certified Public Accountant to confirm that the financial statements and related disclosures are in accordance with GAAP.
- Take no action. The County may find that the costs outweigh the benefits to adhere
 to this standard. No action will continue to result in a significant deficiency in the
 County's internal controls over the preparation of the financial statements.

Recommendation

We recommend that the department review the facts regarding these exceptions and determine whether (1) each is an isolated instance of non-compliance; or (2) procedures might be implemented to prevent recurrence of such errors. If further internal controls can be implemented, we recommend that they be implemented.

Recommendation

When preparing the semi-annual time certifications, we recommend that supervisory personnel review the time certifications signed by the employee and make sure that the certification is appropriately completed, signed by the employee, and approved by the supervisor. We further recommend that the County remind the Child Support employees of the importance of completing the percentage of time worked on the program in their time certifications.

Status

Partially Implemented. During testing this year we noted one of the employees' time certifications did not have the percentage of time that the employee worked on the Child Support program completed.

Recommendation

The Child Support Department currently has policies and procedures in effect to ensure that the status is correctly input into the CASES software. We recommend that eligibility management remind the case workers of the importance of correctly designating the status in those few cases where case status is not automatically set by the software.

Status

The County has implemented the CSE System on October 1, 2007. Case Function Status is now automatically populated by the CSE system and the County is no longer responsible for maintaining and updating that status.
